Work Experience

Ordergroove | September 2020 to Present

Senior Front End Engineer, New York, NY (Remote)

- Core contributor and internal champion of the Groovy Design System, the company's shared React and web-component library powering merchant-facing surfaces
- Built and shipped Cancel Flows, a configurable subscriber-retention experience that helps merchants save subscriptions at the point of cancellation
- Delivered major features across the Subscription Manager v25 overhaul, the largest UI rewrite of the platform's customer-facing surface
- Extended native web components with lit-html and LitElement; removed third-party UI dependencies (Bootstrap, MaterialUI) in favor of in-house components
- Built and maintained Liquid templates for Shopify integrations
- Migrated JavaScript modules to TypeScript; wrote unit and integration tests with Jest and react-testing-library across Lerna monorepos with Jenkins CI
- Regularly review pull requests and provide constructive feedback to engineers across the front-end team

Pinto | March 2020 to June 2020

Senior Front End Engineer, New York, NY

- Three-month contract integrating a product database view into the Whole Foods iOS and Android apps
- Built and consumed REST endpoints with Express, NodeJS, MongoDB, and ReactDOM
- Collaborated directly with iOS and Android developers to embed web views in native apps

Strategic Insight | June 2016 to March 2020

Engineering Team Lead, Associate Vice President, New York, NY

- Led a team of four developers (two front end, two back end); ran daily scrums, weekly stakeholder status meetings, and coached engineers on the team
- Partnered with design and editorial leads to scope new product initiatives; sat on the project review board to help shape technical requirements for proposals
- As Senior Front End Developer, built dynamic web apps with ReactJS, React Router, Redux, and ReactDOM; worked with DevOps to provision dev, staging, and production environments; migrated high-traffic sites from legacy CMS platforms to WordPress

Earlier Experience | August 2013 to June 2016

- **MSM DesignZ, Inc.**, Lead Front End Developer (Tarrytown, NY): produced 20+ custom websites and landing pages, built custom WordPress templates and plugins, integrated payment gateways (Authorize.net, PayPal), and provisioned LAMP VPS hosting
- **Plastic-Craft Products**, Web Designer / Web Developer (West Nyack, NY): rebuilt corporate site including Magento storefront and WordPress blog; integrated MailChimp/Mandrill, FedEx, USPS, and eBay APIs

Education

Bachelor of Arts, State University of New York at Oneonta

Music Industry (major), Audio Arts Production (minor)
